 Fax: (585) 427-0614
dmirabella@electrasales.com

www.atheros.com

Communications devices for wireless and wired communications. Atheros' portfolio includes a wide variety of connectivity solutions: WLAN, Ethernet PHYs, GPS, Powerline communications, Bluetooth, PON . 802.11 a/g/n

www.aptna.com

Distributors: Arrow
 Innovative CMOS image sensors, image processors, and wafer level cameras. A-Pix™ Technology: advanced pixel technologies, featuring lightguide, deep photodiode, & 65 nm pixel enhances quantum efficiency & minimizes crosstalk to capture sharp images with vibrant colors in low-light
 HiSPi™ Interface open access, scalable technology enables 1080p/60 fps performance

www.idt.com

Distributors: Arrow, Avnet Memec
 IDT solutions help customers solve complex system design challenges associated with communications, computing and consumer applications. IDT delivers essential solutions, including timing products, flow-control management ICs, memory, and products for standards-based serial switching.

www.intersil.com

Distributor: Avnet/Memec
 Designs, manufactures and markets a broad line of standard high performance analog integrated circuits such as: µModule Regulators, Data Acquisition Systems, Power Management, Interface, Signal Conditioning, High Frequency & Optical, Military Products, Rad Hard, Space Level

www.nallatech.com

Nallatech delivers commercial off-the-shelf (COTS) systems comprising all of the hardware, firmware and software components required for users to develop high performance processing applications.

www.ttelectronics.com

Distributors: Arrow, Future, Jaco, Newark, TTI
IRC: Resistor Products: Precision, Thick & Thin Film Chips & Networks, Tantalum Nitride for Ultra Stability
Optek: Optoelectronics: Sensors, Optocouplers, Encoders, Custom Sensors, VLEDs
BI Technologies: Fiber Optics, Infrared Devices, Precision, Side Pots, Inductors

www.apm.com

Distributor: Avnet Memec, Arrow

Embedded Processors - PowerPC 405, 440, 460EX families, Packet Processors, Storage Processors, Physical Layer Devices, Framers and Mappers

www.cputech.com

Acalis—High Performance secure computing at a LOW power addresses the need for anti-tamper (AT) technology.

Modernization— Size, weight and Power (SWAP) reduction and obsolescence mitigation services

Interconnect Systems Inc.

www.isipkg.com

Next Level Integration brings together multiple interconnect design and assembly disciplines not utilized together in traditional designs.

Die Packaging; Obsolescence Solutions; Custom Modules; Interposer; RoHS Lead/Lead free Solutions; Custom Connectors; Flex Circuit Assemblies & Design

Re-Balling Services quick and No Set Up Charges.

www.micron.com

Distributors: Arrow, Avnet
 RealSSD™ Products Solid State Drives; DRAM, NAND Flash, —memory solutions that fuel the most advanced digital products.
 FLCOS Microdisplays—Brilliant Images from a tiny, low power package

www.pletronics.com

Distributor: Heiland

Precision Frequency control products crystals for FPGA's, uP, crystal filters and crystal oscillators (CMOS, TTL, PECL & LVDS clock oscillators, OCXO, VCXO, TCXO, and TCVCXO).

www.xilinx.com

Distributors: Avnet
 Worldwide Leader in Complete Programmable Logic Solutions: FPGA, CPLD and Development Tools, IP Cores, DSP, Embedded Processors, sRIO, PCIe
 Featuring: Series 7, common platform FPGA, Twice the Performance/Half the Power
 Virtex 6, Spartan 6, 3, 3A, 3AN, Full Military Qualified Programs
